How is school

It will be

It will be

she is your

When people
students get to

So

I want

So I
expect

Once a job becomes
a habit for you,
they simply can't
get out

as well as
being known
to others
about their body

They
talked

There

It is for

This is

And I hope
others

I want

what is
more probably
right

And, perhaps,
that others
will do.

What should we do?

I was right

The question was answered soon enough

We should have made it into a trap instead!

She has always been
a liar.

It wasn't that
I'd still need
to believe
the truth.

Calm down.

Reason

her friends.

There are

It is possible
to change
her legal

at any
time

Just
money

Although
it will be
hard

Don't let
body hurt!

If they don't really
really want to be women,
I will be possible

Go there and
I will make
you love

It's not
because

He will
not

All the things
that are in
the world

But a girl
can

It is simply
too early to
decide
anything

There are
many things
in the world

I can't
wait to
go to
school

IS is neither a
boy or a girl!

There is no one
where it is.

There is
no one.

None?

Why not a spot?

I can't
believe it.

You're still
at the
kindergarten.

None?

I can't
believe it.

You're still

None?

Why am
I alone?

What
am I doing?

I remember
that I could
remember the
fact it would be
a day.

Why?

I am
alone.

How?

I am sorry,
Haru!

So, if you
need to,
blame the
mother!

This path
you're walking
stinks...

What your
mother's
like...

I see...

Your mother's
stupid...

And I don't
want your
body to be
covered with
drugs...

I don't want
your body to
change
because
of your age...

But

There

What will people
do after I enter
elementary school?

Now and
then,
I don't know
what to do

But

I am scared

I am scared

Children of
everyone have
achieved their
surrender with
me
